Total Label Solutions

Punching tools

With over 20 years experience in the label printing and converting industry, Kamadur industrial knives knows what it's all about!

We understand the challenges and deadlines that you have to deal with every day. You can rely on us as your partner for all high quality die cutting and service requirements against competitive prices.

KAMADUR Total Label Solutions supplies precision punching tools for Blumer, Busch, Polar, PMC, Lombardi and various other brands of label converting machinery.

Depending on production runs and specifications of your material, Kamadur dies can be supplied with various crown qualities:

Standard - Steel

Output volume approx. 5 million labels between sharpening.

LongLife - HSS

Output volume approx. 15 million between sharpening. A very durable and wear resistant cutting tool: especially well suited for in-Mould labels.

Genesis - Tungsten Carbide

Output volume approx. 100 million labels between sharpening. Suitable for very large production runs.

Counter pressure dies are supplied with a counter pressure matrix pad

Artwork & Die Line Requirements

Adobe Illustrator (Ai and PDF) and AutoCad (Dwg and DXF) formats can be used to produce your die cutting tools. Die functionality and outer geometry can be changed, manipulated and improved through our 3D simulations.

Grinding & Sharpening Service

KAMADUR Total Label Solutions offers a high quality grinding service for all label cutting dies at our European Service Centre.

With our advanced grinding machines, we ensure your dies have the correct angle and sharpness. The waste slitter knives are sharpened and adjusted to the die.

Packing made from recycled polypropylene.

One Stop Purchasing

Besides dies, Kamadur industrial knives supplies the complete range of guillotineknives, sheeters and circular knives. For long run cutting, we offer the Infinity[®] knife. The best TC grade available at the moment. Longer lifetime (more cuts between grindings) and a better quality cut. Our accessories-programm includes jiggerblocks, magnetic foampads and cuttingsticks.

For a quotation with commitment, please send your artwork to sales@kamadur.com.
